### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

1. The previous action has been vacated.
2. Claims 1-3,5 are pending and allowed.
3. The prior art neither teaches nor suggests the claimed compounds. In the absence of any evidence or apparent reason why the claimed compounds do not possess the disclosed utility, the allegation of utility in the specification must be accepted as correct.
4. Artemisinin compounds are well known anti-malarial. See specification page 1.
5. Jung, M et al, Antitumor Activity of Novel Deoxoartemisinin Monomers, Dimers, and Trimer, J. Med. Chem. 2003, 46, 987-994 teach the claimed compounds and their synthesis. See page 988, Schemes 2-5. The reference was published on the Web 2/15/2003; published in the journal 3/13/2003. An English translation of the priority document is provided, thus both dates are after the 1/23/2003 priority date, thus the reference is not applicable as prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
